

REMARKS

Claims 1-6, 8-10, and 12-14 remain in the application. Claims 7 and 11 have been cancelled. Further examination and reconsideration of the application is hereby requested.

In Section 2 of the Office Action, the Examiner rejected claims 1-6, 8-10, and 12-14 under 35 USC 103(a) as being anticipated by Meyerzon et al and Chow et al. Applicants respectfully traverse this rejection as neither Meyerzon nor Chow, alone or in combination, disclose "recognizing a *temporal field within the address*" as Applicants are claiming. In fact, Chow teaches away from Applicants' invention in that the "retrieving an updated document using the modified address (col. 10, lines 45-61, and col. 12, lines 45-67" as the Examiner is asserting does not include "recognizing a temporal field within the address" as Applicant is claiming. However, to prevent a costly and lengthy appeal, Applicants are amending claim 1 to include the limitations of claim 7, which was indicated as allowable. Claim 10 has been amended to include the limitations of claim 11, which has been indicated as allowable. Claims 7 and 11 have accordingly been cancelled. Applicants may further pursue the allowance of the subject matter in the original claims 1-6, 8-10, and 12-14 in a continuation application. Accordingly, claims 1-6, 8-10 and 12-14, as amended, are now believed to be allowable over the art made of record. Withdrawal of the rejection under 35 USC 103(a) for claims 1-6, 8-10 and 12-14, as amended, and their allowance is respectfully requested.

If for any reason the Examiner finds the Application other than in a condition for allowance, the Examiner is respectfully requested to call Applicants' undersigned representative at the number listed below to discuss the steps necessary for placing the application in condition for allowance.

The Commissioner is hereby authorized to charge any additional fees that may be required, or credit any overpayment to Deposit Account No. 08-2025. Should such fees be associated with an extension of time, Applicants respectfully request that this paper be considered a petition therefore.
